The Millennium Institute, in collaboration with the ERASME Jean Monnet Centre of Excellence on Sustainability and Centre d'Études et de Recherches sur le Développement (CERDI), is organizing the first International iSDG Workshop, to be held in Clermont-Ferrand, France from 28 - 30 November 2022.

The workshop will provide the unique occasion for researchers working with the iSDG model to exchange findings and perspectives, discuss issues and improvements to the iSDG model, and participate to advanced technical training that will be provided by the Millennium Institute's expert team.

The workshop will be held back-to-back with the Symposium “50th Anniversary of Limits to Growth”, also held at UCA, that will include the participation of (among others) Dennis Meadows and Jorgen Randers.

We are looking forward to seeing you in beautiful Clermont-Ferrand! Further details will be provided soon.

Logistics

Venue The workshop will be held at Maison des Sciences de l'Homme: <https://goo.gl/maps/e5xnQiACkNC7wkpQ8>

How to get to Clermont Ferrand For international travelers, the easiest way to reach Clermont Ferrand is to fly directly to Clermont Ferrand's airport from Paris; or fly to the nearby Lion airport, and from there take any of the buses to Clermont Ferrand (about a 1.5h ride). For participants coming from France or neighboring countries, we recommend considering rail transportation as a more climate friendly transportation option.

Where to lodge in Clermont Ferrand A block of rooms have been pre-booked at the International House, a convenient hotel for visiting students and scholars, located nearby the conference venue: <https://goo.gl/maps/timmUZbmNw4trsv97>

Kindly indicate when you register whether you would like to book one of those rooms (not included in the Workshop fee). Alternatively, you can book your own stay at other hotels:
